THE SHAMBLES, YORK. One of the narrowest and quaintest streets of this ancient city, maintaining the irregularity of mediæval times. York had great importance as the Roman city of Eboracum, and the Archbishop of York still signs Ebor for his name. A Roman Emperor visited this distant colony in A.D. 120, and two others died here. York is famous for its stately minster and its city walls, while its churches present an array of stained glass that makes it prominent even among the cities of Europe.
